

Plate Control Strip Settings section

Use this section to verify that you selected the correct Plate Control Strip file.

The Plate Control Strip Settings section shows the settings defined in the header of either a [preconfigured KPCS file](#) or a [customized file](#). In the example in the image:

2400	Resolution
175	Screen number
I	Screen type <ul style="list-style-type: none">• I = AM screen in lpi• M = AM screen in lpcm• ST = Staccato screen
H	Orientation <ul style="list-style-type: none">• H = Horizontal• V = Vertical

The KPCS part number appears below its settings.
