

Standard line types

Figure 1. CFF2 line types

Number	Line type
1	Cut
2	Crease
3	Perforation
4	Score
40	Rillma/Matrix designs
41	Zipper
42	Cut/Crease
43	Draw but don't burn
44	Burn but don't rule
45	Safety edge
46	Dimensions
99	Punch

Figure 2. DDES2 line types

Number	Line type
100	Knife
200	Crease
300	Perforation
400	Cut/Score
500	Cut/Crease

Note: Some CAD software applications let the user customize the mappings of the line types. If the numbers in the table do not work as expected, ask the creator of the die file for the numbers that correspond to the line types, for example, Cut, Crease, Score, and so on.
